FIRST CALL FOR PAPERS – http://www.ieee-icce.org

The International Conference on Communications and Electronics (ICCE) is a reputable bi-annual international conference series in the scientific community on the areas of Electronics and Communications recently. Following the past successful ICCE 2018, which received over 180 submissions from 29 countries with the acceptance rate of 33%, the eighth IEEE ICCE (ICCE 2020) looks for significant contributions to various topics in communications engineering, networking, microwave engineering, signal processing, and electronic engineering. The conference will also include tutorials, workshops, and technology panels given by world-class speakers.

SUBMISSION AND PUBLICATIONS
All authors should prepare full version of papers with maximum length of 6 pages and submit via EDAS: https://edas.info/N26629. Full accepted papers will be published in the IEEE ICCE 2020 Conference Proceedings and submitted for inclusion in IEEE Xplore®. The proceedings of ICCE series is regularly indexed by SCOPUS and listed in Conference Proceeding Citation Index (CPCI) of Clarivate.
